Yesterday was Dad's big day. His boss finally gave him a promotion. To celebrate the good news, Mom decided to cook a big meal. Though she had fed me up before she started cooking, I still couldn't resist the smell of the juicy beef. When I was trying to get closer to my beef, suddenly a huge gorilla came into the kitchen. I knew it was Dad, but Mom didn't. She screamed so loudly that she dropped the plate with the beef on the floor, just as I had expected. I rushed to the beef and enjoyed them quietly before anyone noticed me. Finally, Dad took off the gorilla's head, which was unbelievably ugly and stinky. But Mom didn't care about the ugly head at all. She burst out laughing and gave Dad a hot kiss. It seemed that Dad had achieved a huge success in making it an unforgettable night.
